MISSION

Children are a gift from the Lord. Psalm 127:3

Each child in our program is a unique and special child of God. It is our primary objective to instill a genuine love and enthusiasm for learning through a multi-sensory approach where the uniqueness and individuality of each child is recognized. Every child is made to feel safe, accepted and loved while learning to love, respect and appreciate others.

We strive to achieve our Mission following these objectives:

- To serve in unity with the church and its staff in a positive and loving way.
- To minister to each Preschool family and to each other.
- To create a unique and positive environment which supports growing and learning in developmentally appropriate ways.
- To instill the act of service and compassion for others in the hearts of the children in our care as we reach out to our communities in need.

Curriculum

JPP provides age-appropriate opportunities for learning basic skills such as sitting still, raising hands, sharing and playing with others, waiting and walking in line. We provide a balanced environment of both structured and play-based lessons for learning shapes, colors, letters and numbers. Skills such as holding a pencil, writing first and last names and reading simple site words are some of the goals for our 4 year olds and PreK students.

Other Facts

- JPP has a library with over 500 books. Children attend weekly check-out and story times.
